

Criminal Justice / Courts

- Support efforts to obtain and fund a magistrate in North Mecklenburg.
- Support no liability provisions for businesses and institutions acting in good faith from the injury or death of any customer or employee who contracts COVID-19 while doing business with or employed by the business.
 - Support efforts at the state and local level to improve the efficiency and effectiveness of the criminal justice system through technology and staffing.
 - Support efforts that promote access and use of Public Records and data.
- Support efforts to expedite the Mecklenburg County Conceal Carry License renewal process (move to online renewal).
- Support efforts to ensure mental health data is being properly reported to the Federal Background Check System.

Education

- **Support no new cap on NC charter schools.**
- Support efforts to reform K-12, community colleges and universities to allow for flexibility in managing calendar and funding priorities that have minimal impact on students and teachers.
 - Support continued improvement of the teacher compensation system to make N.C. more competitive.
 - Work with the Lake Norman Education Collaborative, education partners and area businesses to provide career ready opportunities/training for individuals entering the workforce.
 - Engage the Lake Norman business community in creating internships for skilled and technical trade opportunities.
- Support increasing the allocation of behavioral health resources in local schools.
- Support policies and programs to expedite North Carolinians completing post- secondary degrees and/or credentials.

Employer—Employee Relations

- Support aggressively N.C. Right-to-Work laws for private and public employees.
- Support efforts to reduce the employee minimum from twenty-five (25) to five (5) to allow employers to be eligible to self-insure.
 - Support local and state wages tied to market demand.

Environmental

- Collaborate with the Lake Norman Marine Commission, Duke Energy, NC Department of Environmental Quality, NC Wildlife Resources Commission and local agencies to bring awareness and support efforts in managing hydrilla as well as other threats to our lake system.
 - Advocate for appropriate allocation of dollars that support hydrilla management.
 - Support efforts for mosquito abatement on Lake Norman.
 - Work with local officials and agencies to ensure adequate water levels on the lake which maintain the lifestyle, commerce, and quality of life on which we depend as a community and region.
- Support legislative action to reduce carbon emissions, modernize the grid, and keep energy prices as affordable as practicable.

Health Care

- Support Medicaid transformation that provides coverage for gap populations that does not require expansion of state or local government resources.
- Explore and support coverage of expansion populations using Federal funds to find a commercially viable financial option.
 - Support health care price transparency initiatives for patients and businesses.
 - Support Direct Primary Care initiatives as appropriate.
 - Assist in the formulation of a formal task force to address the region's thyroid cancer issue.
 - Support efforts to address the region's ocular melanoma cancer issue.
 - Support solutions that leverage innovation to fund our health care delivery system.
- Support the evaluation of Certificate of Need (CON) processes to optimize competitiveness while doing no harm to patients and health care providers.

Job Creation

- Support incentives to attract jobs that compete better with surrounding states.
- Support job recruitment efforts of Economic Development Partnerships and the Department of Commerce.
 - Support actions to ensure adequate supply and instant availability of energy.
 - Promote innovative approaches, technologies and tools to manage energy cost/rate impacts to customers.
 - Support fiscally responsible funding for the arts, travel and tourism, plus amateur/professional sports in the Lake Norman region and throughout NC that fosters economic development.
 - Maintain efforts to assist Commerce Station and existing business parks as they interact with site selectors.
 - Support efforts that encourage small business growth initiatives such as financial - Fintech, energy – electric vehicles and renewables, and craft beer - production caps.

Municipal / County

- Support and promote “regionalism” between the lake towns, including but not limited to infrastructure, economic development, and quality of life issues.
 - Advocate for a metro regional approach to infrastructure and legislative issues with neighboring counties and municipalities.
 - Support and actively encourage counties and municipalities implement tax neutral rates after property tax revaluations.
 - Support tax policies that return collected monies to the county/municipality of origin.
 - Support reform of local building codes which make the approval process more efficient and less burdensome to applicants.
 - Publicize that the Chamber opposes any increase, for any purpose, in sales tax rates during adverse economic climates.

State & Federal Issues

- Support efforts to reform business and environmental laws/regulations that encourage business growth.
- Support removing unnecessary regularly burdens on businesses and business owners.
- Support efforts that address appropriate buffer requirements on the Lake Norman shoreline.

Taxes

- Support continual tax reform that creates a positive impact on economic growth.
 - Support reduction of corporate and personal income taxes.
 - Support elimination of business franchise taxes.
 - Support simplification of tax code.
 - Support efforts to encourage economic development opportunities in rural counties while safeguarding current local sales tax and related revenue sources.
 - Support tax reform or property re-evaluations that stimulate business growth, administrative simplicity and controlled spending.
- Support stopping the taxation of the same source of funds multiple times.
- Support increasing the transparency in property tax rates and valuations.

Technology

- Support policies that promote private sector investment in broadband technologies and infrastructure including the rapid delivery of 5G services and the expansion of broadband services to unserved areas critical for the Charlotte and Lake Norman region.
 - agencies/departments.
 - Support initiatives that create paperless environments to transact business.
- Support legislations that eliminate archiving of hard copies of documents when electronic or scanned versions are available through data storage solutions.
- Support legislation that eliminates forms, paper storage and wet signature requirements when alternative technological solutions exist.

Technology - Continued from Page 2

- Support state, county and municipal initiatives that improve the data privacy and cybersecurity vulnerabilities of our businesses.
- Support NC Department of Information Technology's *Whole-of-State* and *Education Pathways* initiatives to provide a means to fill the gap in local and statewide trained cybersecurity resources.

Transportation

- Advocate for the use of "hardened shoulders" on I77 to create an additional General-Purpose Lane during peak driving hours.
 - Support CRTPO decision authority to be one vote per town, instead of a weighted vote.
 - Support local jurisdiction ability to construct transportation projects that improve mobility.
 - Support the study of reasonable improvements and solutions to regional transit.
 - Support bike and pedestrian roadway options.
 - Support transportation initiatives that lower congestion while financed without burdening businesses.
- Support regulatory changes and enhancements to the State Transportation Improvement Program (STIP) a 435-page document last published in February 2022 to provide the transportation improvements citizens need and desire.
- Work with elected leaders, NCDOT officials, NC Highway 73 Council of Planning, CRTPO and other agencies to expedite road projects.
